This wonderful photographic guide caters to the gardener and nature-lover alike by showcasing a variety of stunning flowers and foliage that have been uniquely categorized by both color and season. Discover how to use the range of tones in flowers to create different moods just as an interior designer would, and find out how to use new flowers to mirror fashion trends as colors come and go with each passing season. Ten specially commissioned designs are provided, including ideas for wreaths, garlands, and special displays. Each project can be recreated easily with the help of step-by-step instructions and over 200 beautiful illustrative photographs. Brought to you by one of the worlds leading florists, this extensive directory proves to be both inspiring and practical.ctical.
