Coonley Playhouse Pattern Book By SHEILA McAVOYA fabulous collection of patterns, clearly written, color coded, and detailed to perfection. This book will permit the reader to reproduce Frank Lloyd Wright's Coonley Playhouse stained glass windows in any media. Although written for glass, it can translate to fiber, paint, ceramic as well.

The Coonley Playhouse windows are the most recognizable and the most popular of all Wright's window designs. This new pattern book describes in detail these windows. It contains forty-two pages of drawings, detailing 39 original art glass windows from the Coonley Playhouse. Windows are shown in full color along with a detailed construction

drawing of each. Architectural drawings of the building include a plan view and several elevations showing window locations in color. A bibliography and a source for materials are included. An excerpt from the book: "The theme of the window design is that of a parade. Look at the windows and imagine being surrounded by confetti, balloons and flags as the parade passes by. Wright was especially fond of these windows. He kept one of the Coonley Playhouse windows next to his desk at Taliesin. A Coonley Playhouse window was used as the basis for his grave marker in the Jones family cemetery near Taliesin in Spring Green, Wisconsin.... "
