After doing the projects for a couple weeks I HAD to buy it. It contains crafts and food projects that delight my children. It is separated by month and has projects that relate to that month. The instructions are very easy to understand and there are patterns for the cut outs. My kids have loved each and every one of the projects. I give this book 5 stars.

Contains project ideas that are designed to teach children about colours, shapes, numbers, letters, hand-eye co-ordination, and motor skills. Among the new projects in this edition are a paper-punch valentine, a pine-cone owl, a papier mache pinata, and a Santa calendar.
