Not only does Anna Griffin show how to make many scrapbook layouts, and card layouts, she shows how to make the little things that embellish all your designs. On top of that on the cd-rom there are all the paper designs Anna uses in all her creations. You can print them out for yourself, and use them as often as you choose. I'd buy this again, I'll be using this for years.1 of 1 people found the following

review helpful. Great DVD/CD setBy MurrayEven though this was created in 2005 there is still a lot of great information included that can be used today. Anna Griffin's style is so elegant and but she is so down to earth when she teaches her techniques. I will watch this multiple times I'm sure. The bonus CD has great patterns that can be used over and over.1 of 1 people found the following review helpful. Wonderful BookBy Suzanne GarciaI love all things Anna Griffin. Her ideas and suggestions are great. This book has so many techniques and suggestions for crafters.

Anna Griffins a scrapbooking star whose stationery, invitations, and decorative papers are popular with paper crafters everywhere. A regular on QVC and a special guest on the DIY Networks show Scrapbooking, she has an elegant design style that has a widespread appeal. Scrapbookers will love learning the secrets behind her sophisticated and feminine approach (Scrapbooking Beyond) from Anna herself.
