before purchasing it in order to gage whether or not it would be worth my time, and all praised Creating Faces: Needle Sculpting from the Beginning: How to Needle Sculpt the Perfect Face:

4 of 4 people found the following review helpful. The very best book for creating fully-sewn cloth dolls.By TahlulaCreating Faces is the most essential book for creating fully-sewn cloth doll faces! For beginners and intermediates alike. Purchasing was the best thing I could have done.3 of 3 people found the following review helpful. Good teaching tutorialBy DaisyWanted to learn the technique for expressive fabric doll faces, this book is easy to

follow. The instructions and photographs are excellent. Recommend to anyone curious to getting started. 1 of 1 people found the following review helpful. Fantastic reference. Unfortunately as this was bought for Kindle ...By GordonFantastic reference. Unfortunately as this was bought for Kindle device there is no ability to print the pattern pieces. In other reference/teaching purchases there has been a link to a printable version of the patterns. Other than this issue the book is full of wonderful easy to follow instructions.

Creating Faces - Needle Sculpting from the Beginning is designed as a step-by-step guide that shows you how truly easy it is to needle sculpt, color and create one of a kind doll faces. Each personality develops as the face emerges from the fabric. Please allow me to introduce you to my 4 favorite doll faces - Nosy, Drowsy, Sneaky and Cutie. As you get to know them, I bet you'll discover exactly why they proudly embrace their names. Welcome to my world where I play and pretend every chance I get. Moments stretch into hours when I'm once again a little girl - never too grown up to play with dolls. I've always been fascinated with faces. I enjoy learning ways to create fun, easy expressions. When I find images with interesting facial features, I save them in my reference notebook. It's a great tool that I browse frequently. (I bet you'll enjoy making your own reference book, too.) Gather your supplies and let's get started. Oh, and always remember, you're never too grown up to play! Barb Owen
