Marthe Le Van : Creative Glass Crafts: Painting * Etching * Stained Glass More before purchasing it in order to gage whether or not it would be worth my time, and all praised Creative Glass Crafts: Painting * Etching * Stained Glass More:

Glass crafting can offer perfect projects for the beginner: each of these is small in size, with a limited number of pieces, and uncomplicated to assemble. The projects reflect a variety of styles, too, from luscious florals to Eastern minimalism, and unconventional ways of working with glass (such as decoupage, beading, and bottle cutting).
