Dorothy Wood : Creative Glass: Decorating Glass with Wire, Beads, and Mosaic before purchasing it in order to gauge whether or not it would be worth my time, and all praised Creative Glass: Decorating Glass with Wire, Beads, and Mosaic:

1 of 1 people found the following review helpful. creative inspirationBy CustomerVery innovative and inspirational books for fun garden wire projects. Must admit I have not made anything yet out of it, but only because I've been so busy. Looking forward to trying a few of them. The projects do not look like they'd be very hard, either. Good color photos, which is great for me, because I hate reading instructions. I enjoyed this book, and would recommend it.0 of 0 people found the following review helpful. Five StarsBy TriciaI love it!0 of 0 people found the following review helpful. niceBy Jill A CoyI received this book and looked at it and liked it, I really enjoy making things and this was perfect for me

Aimed at complete beginners and experienced crafts people looking for new ideas, this unique approach to decorating everyday glass objects to create stylish individual pieces is both a practical guide and a source of inspiration. Creative Glass features a wide range of exciting projects, from those using simple techniques of coiling wire, to more advanced projects involving intricate beadwork or soldering. A comprehensive section of practical information on tools and materials explains the basic techniques of working with wire, beads, and mosaic. All of the projects are accompanied by clear step-by-step photographs, detailed instructions, and stylish inspirational photographs of the finished piece. From pretty holiday baubles to a sophisticated wire woven decanter, there is something to suit every taste and skill level.
