Joan Gordon : Creative Lampwork: Techniques and Projects for the Art of Melting Glass before purchasing it in order to gage whether or not it would be worth my time, and all praised Creative Lampwork: Techniques and Projects for the Art of Melting Glass:

0 of 0 people found the following review helpful. Great beginner bookBy PatriciaStraightforward book showing basic lampworking techniques, such as dots, triangles, stripes, use of enamels, foil, etc. Step by step photos and easy to follow instructions. Used book was in great condition.7 of 7 people found the following review helpful. wonderful book for beginnersBy Laural bought this book to teach myself beadmaking. It has detailed instructions and pictures showing each step in the process, beginning with basic beads and progressing to more advanced techniques. I recommend it to any beginning beadmakers.1 of 1 people found the following review helpful. it's a good book covers a lot of stuff even a couple ...By Patrickit's a good book covers a lot of stuff even a couple of things at are not beads and it starts from the Basic material and basic techniques and progressively gets more and more detailed

Lampwork-the art of crafting glass beads and jewelry-is surprisingly easy and increasingly popular. Joan Gordon,

former editor of Making Jewellery magazine, has gathered 14 of the world's top glassmakers to teach you the techniques, from safety and materials to bead shapes and adornment. With their expert advice, you'll quickly master the skills needed to create 26 stunning projects.

About the AuthorJoan Gordon has taught various crafts and sewing techniques extensively throughout Australia, New Zealand and the UK. She is passionate about exploring traditional and contemporary jewellery, craft and sewing skills and has written for many magazines. She is the author of *Stitch n Fix*, published by GMC in 2009. She is now Consultant Editor for the innovative UK jewellery magazine *Making Jewellery*, GMC Publications. Also available by the same author: *Stitch 'n' Fix* 9781861086563
