Elin Criswell : Creative Soap Making: the Basics and Beyond before purchasing it in order to gage whether or not it would be worth my time, and all praised Creative Soap Making: the Basics and Beyond:

0 of 0 people found the following review helpful. Five StarsBy DlynnIf you only buy one soaping book, this is it.0 of 0 people found the following review helpful. Five StarsBy Ray LindseyIt's is great!!0 of 0 people found the following review helpful. Easy to read and understandBy Merilyn VantineI love Elin's book Creative Soap Making! I used it with my first venture into making cold process soap four years ago, and still refer to it often. She writes in a way that

makes it so easy to understand the process. I often refer to the chapter about soapmaking oils, in which she describes the unique qualities each oil can add to your soap. I highly recommend this book for beginners, as well as those more experienced!!

Creative Soap Making is written to appeal to new and experienced soapmakers alike. It is designed to teach the basics of how to make soap while opening your eyes to the whole creative world of creative soap making. It teaches beginning soapmakers with detailed instructions on how to make cold process soap. This book also serves as a great reference for experienced soapmakers with the chapters The Guide to Soapmaking Oils, Successful Creative Soapmakers (includes interviews with soapmaking pioneers and leaders) and the great resource section. This book will serve as a great addition to every soapmaker's library.

From the Back Cover Why not make YOUR OWN SOAP? You've seen luxurious, handcrafted soaps at craft shows and in specialty shops...this book will teach you to make your very own!
