Christen Haden : Creepy Cute Crochet: Zombies, Ninjas, Robots, and More! before purchasing it in order to gage whether or not it would be worth my time, and all praised Creepy Cute Crochet: Zombies, Ninjas, Robots, and More!:

3 of 3 people found the following review helpful. Cute Book but a little FrustratingBy Avid ReaderThis is a cute book, but I found some of the instructions frustrating. I've been crocheting since my early teens (I'm in my mid 40's now) and so I'm not an idiot when it comes to reading crochet patterns, but I had to adjust several of the patterns because I could not make head not tail of what the author was trying to convey, or her instructions seemed unclear or incomplete. I wouldn't recommend the book for beginners as I think they would have some trouble finishing some of the pattern all together. I'm aware that the author has some instructional videos to go with the book that can help you out, but the

book should have contained these instructions from the beginning. I would only recommend this book to those who already know how to crochet and can adjust patterns. 1 of 1 people found the following review helpful. This seems pretty common with all patterns I find. By licitinez The creatures come out perfectly, but with some adjustments. It seems as though the author didn't count the stitches correctly and I'm having to adjust - use one less stitch or one more - during every round. This seems pretty common with all patterns I find. 1 of 1 people found the following review helpful. Creepy Cute Success By d parks I got this book to crochet some stocking stuffers for my grown children. I'm a beginner-intermediate at crochet. Most of the little guys I did worked out fine. There were a couple where the directions assumed I knew some crochet tricks that I didn't know. But for the most part, the creepies turned out at least close to what the photos show. The monkey's little hat and coat are delightful and who doesn't love a cuddly grim reaper. I stuffed the bodies with small plastic beads and the heads with polyester fill before crocheting them together.

Attack of the Cute! Creepy Cute Crochet features more than 20 unique patterns for totally loveable zombies, ninjas, Vikings, vampires, aliens, robots, and even Death himself. Each easy-to-follow pattern is presented with step-by-step diagrams, hilarious commentary, and full-color photographs of the bloodcurdlingly sweet creatures in their natural environments. Creepy Cute Crochet comes complete with helpful crochet tips and a down-and-dirty course in doll making, with each pattern ranked by difficulty level, so even beginners can share in the fun. The scary-cute photographs, accessible instructions, and illustrated patterns are sure to be a hit with indie crafters, angsty teens, and hip moms everywhere.

It will teach you [how] to make the most creepily adorable amigurumi you have seen. Jenn Northington, Book Riot The little figures on the cover of Christen Haden's Creepy Cute Crochet: Zombies, Ninjas, Robots, and More! look so darling, even the Grim Reaper - but beware, scarier creatures lurk inside.
