Five StarsBy Sally B. HolderGreat Amigurumi's.3 of 3 people found the following review helpful. Great, simple patternsBy LuLaRoe Lizz MThere are two categories of crochet books, either they are a hit or they are a miss. This one is definitely a hit. I love that the book starts off with the basic person pattern, which means that after practicing a few of the characters here, you will be

designing your own fairy tale creatures in no time. Although I often see doll characters, I haven't seen the other play pieces (Rapunzel's tower or the Cookie House from Hansel and Gretel). Those are what make this book so unique and fun. It also makes the projects you create excellent gifts, you could easily partner them with a copy of the corresponding book and be the hit of any child's birthday party :) The patterns are perfect for beginners and I think kids who like to crochet or are interested in crochet would enjoy using this book together. I also think it would be a fun grandma/grandkid project, they could read the stories and then play with the creations. I would have loved doing something like that when I was a kid. This book was provided by Netgalley and the publisher in return for a honest review. These thoughts are all my own.

"Incredibly innovative, fun, and creative, Crochet Stories: Grimms Fairy Tales is something you can share with your loved ones for many years and it will surely inspire you to go on to create even more fairy tale characters." Erisea Mag "Absolutely adorable." Shadows' Reach Practitioners of amigurumi, the Japanese art of crocheting stuffed dolls, will adore this collection of sixteen playful patterns for fairy tale figures. Projects include the witch and the gingerbread house as well as the hero and heroine of "Hansel and Gretel"; the giant and the golden goose's eggs of "Jack and the Beanstalk," in addition to the beanstalk and Jack himself; the long-haired captive of "Rapunzel," her lonely tower, and her rescuer, the prince; the animals of "The Hare and the Hedgehog" plus a juicy carrot; and the wee subject of "Tom Thumb" and his cow. Clear instructions for creating the characters are accompanied by color photos of the finished products along with charming retellings of all five fairy tales. An introductory chapter offers general notes and tips, including pointers on working in the round, stuffing, measurements, and finishing. "Sure to delight and inspire! A charmingly whimsical repository of achievable patterns." The Bookshelf Gargoyle

About the Author Vanessa Putt is a New York City based knitting and crochet designer. Her work has been published in Vogue Knitting, Knit Simple, and Noro Knitting magazines.
