Cute, beautiful and special.By Susan DThere is nothing more special thanmaking your own Christmas Decorationsor making them for family and friends.There is something more special aboutornaments that are homemade.They give so much more meaning to thespecial time of the year.This book contains 30 differentbeautiful designs so there is a lot tochoose from.The designs are made up ofeverything from cute, funny to religious.The book starts with the template for the stocking pattern.Then general directions for cross-stitch.From there are the patterns for the designs.Each of the designs are shown in a graphformat in black and

white. Each of the colours of the threads are marked with symbols. You are given the codes for the colours in DMC, Anchor Coats. The only problem you may have with this book is deciding which design to make first. The designs are timeless and it will be a book that you'll use time and again. Cute, beautiful and special. I received this book to review. However all opinions expressed are my own. No monies were exchanged.

Cover your tree with festive mini stockings! This book will help you to enhance your Christmas tree with lovely handmade, cross-stitched stockings! There are 30 beautiful patterns to choose from, from Santa merrily leaving presents and heartfelt Christmas sayings to Christmas mice frolicking around and simple snowflakes. There's something for everyone! 18 pgs.

There are thirty mini stockings to cross stitch and make up in this booklet, and you can see all of them on the front and back covers. Use them as tree decorations, fill them with candy or wee gifts, decorate presents with them or give them as gifts in their own right. Subjects include festive patterns, humor, animals, a church, Santas, wreaths, sayings and more. My own favorite has to be the pair of beautiful cardinals on a branch. If you haven't done any cross stitch before full instructions on how to do it plus backstitch and attaching beads can be found at the front, together with how to make up the stockings. Charts are two to a page in black and white symbols, codes given for DMC, Anchor and Coats floss. It also says what fabric to use and the braid used to trim the stocking in the photograph. The charts are quite detailed so you need a good pair of eyes to see all the symbols, but I have seen smaller and the size is fairly standard. Originally published back in 1989 there is even a stocking with this date on, but a chart of numbers so you can add your own date. The sort of booklet even a novice stitcher is going to have a lot of fun with.
