**Catherine Bouquerel : Cuddly Knits for Wee Ones (Baby Love)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cuddly Knits for Wee Ones (Baby Love):

1 of 1 people found the following review helpful. Very disappointed that many of the instructions were incompleteBy CustomerVery disappointed that many of the instructions were incomplete. I was able to download them on line, however, when I purchase a pattern book, I expect the patterns to be complete. Before I submit patterns, it is my practice to have someone make the items in order that I know the pattern works. It is very frustrating to me, when it doesn't work.0 of 0 people found the following review helpful. Weeee OnesBy Susan S.Adorable book, with stylish baby garments and accessories. Great photography. The title is correct, these ARE for 'wee ones'. Any experienced, thinking-knitter can easily upsize the projects in this book. If you don't know how, your local yarn shop gurus will be happy to help. As far as the previous reviews about poorly written patterns, there may be a translation glitch once in a while, but easily identified if you know what you're doing. The schematics are great. Other nice things about this book are the knitting basics and tips sections at the beginning of the book, and the Standard Yarn Weight System Chart at the end of the book. All in all...it's a wonderful little book for a new knitter or advanced knitter.1 of 1 people found the

following review helpful. Five StarsBy Carol KarcherLoved this; I should have more grandchildren to knit for...maybe I'll borrow my friend's grandchildren...

This adorable book of 20 projects for babies features sweaters, blankets, and onesies--including a Junior Varsity cardigan, Fairytale Dress-Up hooded poncho with matching booties, and other cute fashion-forward designs. They're all soft, warm, and cozy, knitted in trendy palettes rather than old-fashioned pastels. A pictorial glossary contains numerous needlework stitches and techniques for those who need a refresher, making this a must-have for new and expectant mothers, doting grandparents, and friends and family in search of the perfect baby-shower gift.

About the AuthorCatherine Bouquerel is a textile designer who works for thread and yarn-makers such as Phildar and Bergere de France. She lives in Ville d'Avray, France.
