The photos are numerous and lovely and the animals and their clothes are just too adorable. Dresses, pants, jackets, sweaters, shoes, scarfs, hats, even a tiny backpack. Needless to say I have not made anything as yet....but I am an experienced Amigurumier and the patterns look clear and well written. Yes, this is a British publication and dc means single crochet but don't let that deter you purchasing this book. Your crochet brain will easily adapt. I can't wait to get started. 1 of 1 people found the following review helpful. This is such a wonderful book. With 5 doll patters and 34 different ...By trowland This is such a wonderful book. With 5 doll patters and 34 different clothes patterns it is more than worth the money. The pictures are so pretty and big enough you can almost

count every stitch in the picture if needed. I briefly looked over the patterns and they looked very concise and detailed. I would have given the book a 5 out of 5 but as I said I just got it and haven't worked a pattern yet to determine exactly how good the patterns are. I would recommend this book. 1 of 1 people found the following review helpful. CuteBy Bianca Trice Incredibly cute animal dolls with collection of clothing.
