This book features a decent assortment of detail level although none of the images are extremely detailed.The appearance of cats on each coloring page is a draw for me but also, each design is well drawn with no heavy black lines to waste my ink.The print link is located at the end of the book and works as expected.0 of 0 people found the following review helpful. Wonderful. Adorable. Fun...SHOW Us Designs BEFORE We Buy #914...By classicsGGmaWonderful. Adorable. Fun. The designs here are original...to me...and can't

wait to print them out for coloring. No over use of black, nothing too intricate; two of my pet peeves. From easy to med detailed, these designs are for kids and those adults who want a break for all those intricate designs with the small spaces. Ms Vencato has paid attention to the reviewers who want new, original designs..no more of those Shutterstock repeats we have been given for so long. When we buy coloring books in stores we can look inside to see if we like the designs and check for any designs we already have. WHY Not Here On ?0 of 0 people found the following review helpful.
