**Val Pierce : Cutest Ever Baby Toys to Knit** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Cutest Ever Baby Toys to Knit:

Only complaint is that the type is small and in gray letters on pastel backgrounds. Some toys might be easier to do in circular knitting. Overall wonderful projects. 0 of 0 people found the following review helpful. Cutest Ever Baby Toys to Knit includes an introduction to basic knitting skills, techniques, and terminology. Altogether it is the ideal book for beginning knitters, while providing an enjoyable source of inspiration for those with knitting experience. Knitted toys and nursery accessories in soft, cozy yarns make wonderful gifts. Picture your baby cuddled up with a cute red fox while taking a nap, or playing with an adorable penguin afterwards. There's a snake, dinosaur and a very tame elephant with a colorful blanket. Small rattles, cheery mobiles and colorful booties as a bonus. Clear instructions and a delightful photograph accompany every toy in the book.
