Victorian beauty By Merica Saint John I order one of these every year for my Victorian-themed home and this one is as lovely as all the others have been. Beautiful Victorian scrap photos and large enough to have room to write a daily appointment or note. Only wish it had the smaller date book that used to come with it, but the postcards are always lovely. 0 of 0 people found the following review helpful. A Victorian fantasy! By Aly Love, love, love this calendar. I've been receiving this particular calendar every year for Christmas for many years now, I never tire of it. Transforms one into a world of Victorian whimsical fantasy. A period in time of pure elegance beauty. A time when detail standards were of the utmost concern. If you love the Victorian era, you'll truly enjoy this one! I actually look forward to what awaits, me as I flip it from month to month. I love taking in every detail of this beautiful calendar. Too pretty to throw away come years end, so I keep it in hopes of using in a scrap book, or pass it on to someone else, who may be able to use it in some form of art. 0 of 0 people found the following review helpful. The calendar came quickly while I enjoy the Victorian artwork By Derek M Sybert The calendar came quickly while I enjoy the Victorian artwork, it takes up so much space on the calendar part of the page that the day spaces are so small. It's difficult to write important information in them. I've also noticed that everything I've written on it so far transfers through to the next 2 pages :(I did enjoy the smaller desk calendar that came with it as well as the postcards. I will use the calendar just for artwork purchase a different one for using.

Beautiful and beloved year after year, the Victoriana Calendar showcases the artistry of Cynthia Hart. Here are a dozen lush collages that masterfully layer fresh flowers with beautiful vintage jewelry, snippets of colorful ribbons and intricate laces, and antique paper ephemera that evoke nostalgic feelings of family, hearth, and home. Hearts, roses, and cherubs put love into the air for February; spring flowers, birds, and butterflies burst from April's spread; and December delights with a winter wonderland of angels, Santa Claus, and holly. Each vibrant arrangement reflects the seasons and the artist's singular style. Packaged with the calendar in its ornate gift envelope are 4 die-cut postcards and a desktop easel calendar.
