getting my Mom this calendar for over 20 years as she always wanted one for Christmas because of it's beauty. When
she passed on, my Dad requested the I get him the calendar for Christmas still. I asked him if he'd rather have a golf
calendar or something else and he insisted on this one. If my Dad likes it, you know it's good.6 of 6 people found the

AuthorRNI purchase this calendar every year because the individual days have plenty of room to write appointments
and such. The pages are beautiful and people love receiving the pretty postcards included inside. There is also a small
cardboard calendar to place upright on a desk. Very, very pretty.1 of 1 people found the following review helpful.
Wouldn't Go without It !!By Carolyn TurnerI have purchased or received one of these exquisite calendars since they
were first published. Each new calendar is prettier that the last and turning the pages each month brings even more
lovely and memorable montages. No ordinary calendar; it is a jewel to hang on your wall. As an added bonus, it
includes a small standup version for your desk , and several postcards. Initially more cards were included but sadly the
count has been reduced. I do wish tho that they would include envelopes to protect the cards when you mail them,
because the generous size of the cards won't fit in most envelopes. At one time, a small booklet was included as

well,that you could use to keep track of birthday information of family and friends.This is the first review I've ever written for a calendar, however this one is an exception !

Celebrate the seasons with the lush artistry of Cynthia Hart. Boasting lifetime sales of 4.4 million copies and devoted fans who return year after year, VICTORIANA CALENDAR is a feast for the eyes and the imagination. Each month is a gorgeous collage that layers antique paper ephemera, lengths of ribbon and lace, beautiful vintage jewelry, and flowers that burst with color and freshness. Aprils spread abounds with adorable chicks and vivid spring flowers. August plays tribute to the seashore, filled with shells, sand, and sailors. Holly, cheerful children, and St. Nick joyfully ring in December. Each nostalgic yet vibrant arrangement captures warm feelings of hearth and home and embodies the artists inimitable style. The calendar is packaged in a lavish gift envelope with 4 die-cut postcards and a desktop easel calendar.
