**Gene Shepherd : Prepared to Dye: Dyeing Techniques for Fiber Artists** before purchasing it in order to gage whether or not it would be worth my time, and all praised Prepared to Dye: Dyeing Techniques for Fiber Artists:

1 of 1 people found the following review helpful. Very good book for dyeing any kind of wool or protein ...By VictoriaVery good book for dyeing any kind of wool or protein fiber even tho it is for dyeing wool fabric.5 of 5 people found the following review helpful. Prepared to Dye- a must have for rug hookers!By bookreaderWhat a wonderful book! It has 186 pages filled with beautiful pictures and lots of information. It is one of the best books I have ordered in a while. It shows how to set up a dye kitchen, preparing fabric, mohair and yarn for dyeing and step-by-step pictures of how he achieves the different dyeing techniques he uses. I am glad I ordered it.1 of 1 people found the following review helpful. Easy to Use!By Denise G. de JoseThe only thing I didn't like about this book was that he uses 20 basic colours I can't get in the book. The techniques though, are demonstrated very clearly both visually and in text. It will

take a little courage to figure out what colours of my own I will put together but I feel I have enough knowledge now to try. Great resource!

How to dye wool without chemicals  
How to dye wool with acid dyes  
Essential for all wool fiber artists, especially those working in rug hooking, wool applique, or quilting with wool  
Learn how to marleize, spot dye, and marry colors to make exquisite wool

"I feel prepared and inspired! This handbook on dyeing techniques offers a wide range of possibilities for creating color on wool fabric with an emphasis on rug hooking." (Brecia Kralovic-Logan, Shuttle Spindle Dyepot 2014-02-28)  
About the Author  
Gene Shepherd is well known in the rug hooking world as a teacher, blogger, designer, and author. He is director of Cambria Pines Rug Camp and is a frequent contributor to Rug Hooking magazine. He teaches and blogs from his home studio in Anaheim, California.
