Amanda Kingloff : Project Kid: 100 Ingenious Crafts for Family Fun before purchasing it in order to gage whether or not it would be worth my time, and all praised Project Kid: 100 Ingenious Crafts for Family Fun:

3 of 3 people found the following review helpful. Boredom buster!By L. PhillipsI got one for both my 8 1/2 year old daughter and my 11 year old niece. Both of them love it. My daughter has already made 3 of the crafts in the past week. The crafts are easy to understand and implement, but they look well-thought-out and elaborate. It is a great boredom buster for kids who like crafts.8 of 8 people found the following review helpful. Fun craftsBy AKirkThis book is a lot of fun. I love how simple and enjoyable the crafts are to create, and they are not your everyday craft projects. My daughter and I have spent a lot of time making them. Each page is so beautifully photographed and designed in an easy to follow format. This book would make the perfect gift.0 of 0 people found the following review helpful. Pure Joy!By Looking AroundThe projects in this book literally jump out and scream "make me come alive!" We (two giddy parents and an art-crazed 4 year old) truly finger through the pages like it's an old photo album. The images and colors and textures... Delicious! Some of our favorites: Silhouette Pennants, Cotton Ball Sheep, Dot Alphabet, Pine Cone Seasons...So good. Please make another - but this time for kids. :)

Perfect for crafty parents who are eager to get their kids excited about DIY, ProjectKid is everything you could want in a craft book: 100(!) stylish, inventive projects; step-by-step photographs; tips for the novice crafter; easy-to-follow instructions; and a fresh, modern look. What really sets these projects apart are the unexpected, ingenious ways Kingloff uses everyday objects and materials. (Did you ever think a body-wash bottle would make a perfect rocket ship?) And these are projects for things kids want to make and keep from a juice-box owl to a pirate ship to a curio cabinet for displaying all of their treasures, plus games, jewelry, and more. Also included in the book are basic crafting lessons (such as pom-pom making and weaving) to help children of all ages build a DIY arsenal, a handy guide to must-have tools and materials, and a source directory.

Amazing. . . . Unique, family-friendly projects. . . . Pick up a copy and you'll be DIY-ing in no time! Scholastic Parent Child The instructions are easy to follow (for adults and kids) and are paired with sizeable, detailed step-by-step photographs. San Francisco Chronicle This is work to keep brains busy and families happy. Publishers Weekly, starred review Can you believe these materials come together to make something so pretty and useful? It's like magic. Almost. Today's Parent Helps kids stay busy all summer. Associated Press A thick, beautifully designed and photographed book. New York Times Book Perfect for parents, grandparents, camp leaders, and teachers. Gambit Weekly Whether it's home, classroom or just backyard planning, this book is a must to try out crafts for all seasons. Full-color photographs with easy-to-follow instructions make this something for all ages. Deseret News Rainy day life saver. . . . The step-by-step pictures make it pretty impossible to screw up these crafts. Metro Endless fodder for creativity. . . . The inventive DIYs range from superhero capes created from dish towels to decoupage animal masks that would make John DeRian proud. Lonny With this book and a few basic supplies on hand, you'll never hear Mom, I'm bored again. Dana Points, editor in chief, Parents magazine Imagine MacGyver with a glue gun: Amanda cleverly reimagines everyday things into beautiful new creations. Danny Seo, author of Upcycling Celebrations The projects are clever and creative unusual ideas that feel fresh and inspiring. Best of all, they are totally doable with simple household materials.
