Memory Makers : Quick Easy Sketches for Scrapbookers before purchasing it in order to gauge whether or not it would be worth my time, and all praised Quick Easy Sketches for Scrapbookers:

0 of 0 people found the following review helpful. Scrapbook Layouts By loves lilacs Was well organized and gave three possibilities for each layout. Helped me learn what my design style is. Was a little disappointing in that it doesn't give photo sizes for the layouts. I should have paid more attention to the number of layouts listed as there were not as many as I expected. 5 of 5 people found the following review helpful. It is what it says! By T. Moore I tend to have a very clean, classic style of scrapbooking and this book does a lovely job with sketches. I scaplift from his book all the time. 4 of 4 people found the following review helpful. Wonderful book that makes scrapbooking so easy! By Melissa Pero I love to scrapbook but I have the hardest time starting from scratch. It's much easier for me to scrapbook if I have a layout that I can follow. This book has several layouts and it also shows several examples for each layout. At the end of each section it has a page with each sketch from that section that you can copy for easy quick and easy use in the future. All in all this is a great resource for people who have difficulty making their own layouts or for people who just

need to get some ideas.

Jump-Start Your Page Design with This Timesaving Templates One of the best and most inexpensive ways to get a lot of scrapbook pages completed quickly is by using formula page sketches that are easily adaptable to any page theme.
