Amy Pincock : Quiet Book Patterns: 25 Easy-to-Make Activities for Your Children before purchasing it in order to gage whether or not it would be worth my time, and all praised Quiet Book Patterns: 25 Easy-to-Make Activities for Your Children:

2 of 2 people found the following review helpful. Awesome and easyBy Charles Or Cheryl PalmerThis is the best book because instructions are easy to follow, templates are ready to use (no thought about cut and layout) is done for you, and subject matter is cute. It will be fun to start this project!2 of 2 people found the following review helpful. Inspiring and informative!!By Cathy TarltonI have never considered making a quiet book before but this book has not only inspired me to make one, but has all the information I need to not only simplify the project but actually make it fun!! This book includes clear instructions and patterns for beautiful and unique pages...along with ideas for activities to do with the pages. It also includes printable images to use with some of the pages. If you're considering making a quiet book you can't go wrong with this book!0 of 0 people found the following review helpful. Five StarsBy Jackie VirnichWonderful. Would do business again.

Keep the smile on your child's face while putting an end to noisy escapades. No need to stifle curiosity or squelch creativity; this guide helps you put together the perfect quiet-time book for car rides, waiting rooms, and church meetings. With 25 simple patterns and step-step instructions, even amateur crafters can create custom-made activities that are sure to keep your childrens' brains active and their hands happy. Print version of the book includes a CD with downloadable pattern templates.

I bought this book to create a quiet book for my little one for Christmas. I was very happy with book i made am happy that I had so much help making it. My daughter is very happy with her little book. My kids 3-8 all love the book. --I love this book! I purchased it to make quiet books for my Grandson and granddaughter. The patterns were very easy to follow and the instructions in the books really helped to get the pages put together. I was impressed how neat and professional each page looked when it was finished. If you are making a quiet book for the first time, I highly recommend this book! --I wish I had this book years ago. In the past I made quiet books for my children but it took so much time figuring out how to make each page. I love this book because every step is written out, including helpful hints so you can't make a mistake. This is the kind of quiet book that is perfect for anytime you need your children to be quietly occupied -- like waiting in a doctor's office, driving in the car, sitting in church, etc. I especially love that each page helps you know what skill your child can learn. As Amy reminds us in her book, play is part of learning for children. Both "crafters" and "not-so-crafty" people will love the easy to follow directions and children will love the quiet learning activities. --
