I've been quilting for years and find these simple quilts have quite a visual impact! My daughter-in-law is a new quilter and I think she will enjoy the simplicity yet sophistication of these patterns. Sending one to her, don't want to give up mine! Ha! Well done, Deborah Fisher!2 of 2 people found the following review helpful. ... in a while a quilt book comes along with great design, colorBy Patricia M DodsonEvery once in a while a quilt book comes along with great design, color, and easy quick pattern options. Enjoy the simple gift of quilting!Creating a quilt is always a gift--in finding the time to enjoy your hobby, and in

giving away your finished piece. In the pages of *Quilt Giving*, you'll find nineteen quilts that make perfect presents for yourself or someone else. The quilt patterns in this book embrace beautiful color and sewing simplicity. You can take your time to enjoy the process and still have a quilt ready for your next baby shower or winter weekend curled up on the sofa! You'll also expand your sewing skills as you experiment with the big block conventions found in *Twinkle*, *Map and Bloom*; use easy corner triangles for simple detail in *Gem*, *Summer and Sprinkle*; or cast tradition aside and use a vertical or horizontal grid in *Path*, *Garden and City*.
