In *Quilting-on-the-Go-Taking It Further*, Carolyn builds on the techniques in her popular *Quilting-on-the-Go* book. She explains how to break large quilt designs into small, manageable sections that are easily quilted by hand or machine. Learn to make quilting-on-the-go borders, sashings/frames, and blocks in multiple sizes. Using her clear instructions you can piece a block or border on one outing, quilt it the next and when you re ready to join the pieces, most of the quilting is already done. In the expanded Basics section you will find everything you need to know to prepare manageable pieces of quilting that can be taken with you wherever you go. No special equipment needed. An array of block sashing ideas is provided, so you can frame your block in a multitude of designs. The Project section contains 11 lovely projects in varying sizes. Each is created using the quilting-on-the-go technique. Blocks range in size from 6 to 25-1/2 . Includes templates, rotary cutting instructions and step-by-step diagrams and photos. As an extra bonus, Carolyn offers quilting suggestions for each project. Full color throughout.
