I haven't attempted a quilting project in years and this book has not only inspired me, but given me confidence to get started. The beautiful colors and patterns of all of the quilts are just a joy to look at, and the instructions and technical information are clearly written and easy to understand. A beautiful book! 5 of 5 people found the following review helpful. Great for all levels of quilters By Karen Jannelle I purchased three and I am getting more for holiday gifts. I do not quilt now but want to get back to quilting after reading this book and seeing the beautiful

quilts. this book is great for the beginner and all levels for quilters. The feel of the book is what I loved. The pages are durable and smooth and vibrant colors, beautiful photography!9 of 10 people found the following review helpful. The love and effort that goes into making a quilt took ...By KateJust got my copy of Quilting the New Classics . I am really enjoying this book ,the history provided truly hit home . My beloved grandmother left an unfinished double wedding ring quilt . She was making it for my father and passed before she finished it. As the story goes it was eventually finished by the Eastern Star ladies .It is an outstanding piece of work and has since been bequeathed to my sister the true quilter of the family. The love and effort that goes into making a quilt took on new meaning for me after reading Michele's book.. What I found extremely interesting was the modern interpretations in the book . I am always in awe when I encounter artists and their work. These quilters are just so talented.... I am not a quilter but this book is wonderful and I intend to get a few more copies to share with some special quilters in my life..It was a fun purchase and I am thrilled with the book. Michele's love for the craft is apparent with the personal stories she shares and her knowledge of quilting ..

All quilters draw inspiration from the past. But how do today's artisans put their personal stamp on classic patterns? Twenty influential quilters from across the stylistic spectrumincluding Jacquie Gering, Darlene Zimmerman, Allison Aller, and Victoria Findlay Wolfe present their unique creative vision of timeless designs. Each pattern, from bear paw to flying geese to log cabin, comes with step-by-step instructions for two adaptations, one traditional, the other modern.
