Ursula Reikes : Quilts for Baby: Easy as ABC before purchasing it in order to gauge whether or not it would be worth my time, and all praised Quilts for Baby: Easy as ABC:

0 of 0 people found the following review helpful. This book doesn't look so easy to me By Josart I'm learning to quilt. This book doesn't look so easy to me. Maybe one of these days I'll tackle one of the quilts...28 of 28 people found the following review helpful. This book helped me create my first "public" quilt By Esther Schindler I'm very much a beginning quilter, and most of my projects have been small ones, for my own personal consumption. (God forbid that anybody see all my mistakes) This book has helped me move to the next level, by giving me both the inspiration and the clear instructions to create a baby quilt for my nephew's first child. I'm doing the quilting now, and I feel really good about giving this (adorable) quilt to the new baby. Among the things I appreciated is that EVERY quilt has a full color photo, with enough detail for me to figure out how it's supposed to go together. There are plenty of choices, all of which are simple and attractive. (Okay, "incredibly cute" is probably a better description. But the designs are all

sweet rather than sappy.) Also, the instructions are very clear about how much fabric you need, so I didn't feel as though I had to make guesses or rely on my unconfident quilting math. If you're a first timer, this may not be your very first quilting book; there are others that do a more thorough job about the basics of rotary cutting, for instance. But if you're like me, for your first non-table-runner project you want something that's manageable but non-trivial. This book is a great guide in achieving that goal. 0 of 0 people found the following review helpful. Five Stars By Jocelyn Petersons Lots of very cute and easy quilts to try.

Piece a beautiful quilt top for a favorite baby in four hours or less! Learn to make 11 super-easy quilts, using the colorful fabrics that babies love. Create many old-time favorite blocks, including an easy adaptation of Attic Windows--no previous experience required. Yardage and cutting charts, plus complete instructions, make assembly a breeze. Enjoy a color-splashed gallery of 18 different quilt photos, which will inspire you to use bold, bright colors and patterns.

About the Author Of her wildly popular baby-quilt books, Ursula Reikes says, "They're written for those busy people who want to make something special but don't have a lot of time to invest in the process."
