I've been following her work for at least 12 years. she is witty in her craft and her pieces are beautifully created, and shows her enthusiasm for what she makes. I highly recommend her book with the understanding that her imagery is not conventional, but very pleasant!0 of 0 people found the following review helpful. This is a wonderful book! and art of rug hooking. What I like about this book is the emphasis on using recycled materials to create works of art. Ms. Stein also covers the history of rag rugs up to modern times. As an artist and craftsperson, I am inspired to experiment and use recycled materials in my artwork as much as I can. Thrift stores are great places to find materials you can use in your projects. Rag rug hooking helps people throughout the world to start cottage industries and prosper as artists. You will be inspired by this book! 0 of 0 people found the following review helpful. Five Stars By Kim Dubai Loved it!!!!

Rag rugs have been around for centuries, but never has there been such a wealth of creative possibilities available using traditional rug techniques. Rugs are only the beginning! In *Rag Rug Creations*, you will discover a huge range of applications for this basic technique, such as wall hangings, bags, cushions and accessories, to name a few. This book reveals all the techniques and possibilities open to you using only a minimum of specialist tools, and a wide range of materials, including recycled and found objects, which makes this craft affordable as well as enjoyable. Every part of the process is covered in *Rag Rug Creations*, from planning and designing to hooking and prodding; plus instructions on additional decorative techniques such as felting, heat-bonding and fleece-carving. Armed with this book and a rug hook, you'll be producing rag rug creations in no time.

The projects [covered in this book] are quirky and fun ... [*Rag Rug Creations*] opens up a new world of crafting and certainly made me realise that there is a lot more to making rugs than I had previously thought. Workshop on the Web I had no idea that rugs could be made with such imagination! A tour de force. -- Jovan Nicholson, independent art historian

About the Author Lynne Stein is a trained art therapist and textile artist, and runs a variety of textile workshops, both privately and also in educational settings, museums and galleries. Lynne's work has been exhibited around the world, and commissioned in the UK and internationally for a wide range of public, commercial and domestic spaces.
