I would recommend this to anyone who is interested in learning to make rag rugs. 4 of 4 people found the following review helpful. I needed the information in this book. By Eleanor C This book was initially bought to fill a \$25 order. I haven't started a rug yet but being a pack rat I have plenty of old sheets, etc., that need a use. Have wanted to make a rug since I was a kid and now that I'm 70 and have plenty of time and a large crochet hook, the excuses are gone. So glad I needed one more thing to get free shipping! 8 of 8 people found the following review helpful. Good pattern book! By Amy K Not great for beginners, but after I learned a little about crocheting rag rugs I found it helpful in making an oval rug!

Using a large crochet hook and strips of fabric, you can make dozens of beautiful and useful rugs for all over your home.
