The wool pieces are dyed in small batches useful for rughooking. I highly recommed getting the swatch ring that accompanies this book. It is a great starting point for mixing your own colors.

30 color photos, 7 x 9 Time-tested methods of dyeing gorgeous colors along with more than 30 color photos of rugs and wool swatches are included in this easy-to-use book. The swatches show the outcome of the more than 30 dye formulas provided and the formulas use both Cushing and PRO Chem acid dyes. Also included is a glossary of dyeing terms, step-by-step instructions for various dyeing methods, illustrations of dyeing equipment, lessons on color theory and planning, and tips for both novice and experienced dyers.
