Carroll Lewis : Relaxing Nature Gel Pen Coloring Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Relaxing Nature Gel Pen Coloring Book:

0 of 0 people found the following review helpful. DisappointedBy CustomerLooks like poorly made copies, like they were put on a copier with low toner. If I had picked it up in the store I wouldn't have bought it. Sorry, really wanted to like it based on the cover picture but was disappointed.

This is a superb adult coloring book. There are 13 dazzling designs to color. They are on black paper. Gel pens pop (!) on black paper. These designs are very intricate, perfect for a peaceful day of rest and relaxation.
