**John M. Collins, Thay Yang, Donald G. Garwood : Return to the Fold** before purchasing it in order to gage whether or not it would be worth my time, and all praised Return to the Fold:

**MORE THAN 40 PLANES!** The most formidable foray into folded flight you've ever fantasized. The prized possession for every paper pilot. Boldly fold what no one has folded before. From the author of "The Gliding Flight," John M. Collins; inventor and teacher, Donald C. Garwood; and the author of the "Exotic Paper Airplanes" and "Exquisite Paper Airplanes," Thay Yang. To create the best paper airplanes in the world, you don't need scissors, glue, paper clips or rulers. All you need is a "Return to the Fold."
