Lin is a superb artist, and it is great that she shares her knowledge in step-by-step instructions on how to paint a wide series of subjects on river rocks. I really love this book and every book I own of Lin's art instructions! This book is really super!!2 of 2 people found the following review helpful. Clear, concise instructions make painting easy, even for meBy Jan HoneyLin Wellford gives such basic and clear instructions, that literally EVERYONE can paint the projects in the book. I have absolutely no natural talent for art, but I can follow a recipe which is how the projects are broken down. Wellford tells me which brush to use, which color to select, and the order of steps. It is foolproof for a person like me. Wellford also

briefly suggests alternative variations (usually accompanied by pictures) for the more advanced painter. The end result looks fantastic -- rich and full of life, not cartoonish like a child painted it by numbers. So far, I've painted the ghost (actually my family of ghosts on a single rock - it's awesome), the sunflowers, and the Santas (40 Santas in fact - as gifts). I have ALL of Lin's books because I like them so much. I tell my fans (mainly my mom) that Wellford taught me how to paint, even though I've never met her. If you like any project on the cover of the book, buy it. 1 of 1 people found the following review helpful. wonderful book By Adore Yourself Lin Wellford has done a great job with her rock painting books. She got me hooked on them and now I paint rocks for fun all the time! This book offers great tips for making rock plants and also some very fun rock ghosts and rock Santas...along with rock angels, nativity scenes, and get well flower bouquets, as well as animals...the instructions are very clear, the pictures are very helpful and I highly recommend this book to kids and adults alike. It is a really fun hobby and Lin teaches you clearly how to do it!
