Nancy Gardiner, Peter Harkness : Roses before purchasing it in order to gage whether or not it would be worth my time, and all praised Roses:

0 of 0 people found the following review helpful. This sweet little book arrived in perfect conditionBy AnnieThis sweet little book arrived in perfect condition. I ordered it 'used', but it appears to never have even been opened.

This insight into the growing, handling and caring for the rose opens with an account of the history of the rose. The sections which follow provide information about modern species, their growing methods and the joys and frustrations of producing roses for showing. Also included are a selection of anecdotes, stories and poems about the rose, accompanied by recipes for pot pourri and rosewater.
