**Annie's : Row Quilts, Longitudes Latitudes** before purchasing it in order to gage whether or not it would be worth my time, and all praised Row Quilts, Longitudes Latitudes:

19 of 19 people found the following review helpful. Can't go fast enoughBy leslie of marylandI want to make most of the quilts in the book and can't quilt fast enough. Instructions seem to be well thought out and make sense even to the beginners in my groups.13 of 13 people found the following review helpful. Great BookBy Mark S. Van HorneQuilters will love this book. I quilt with several different groups and this book is a must have. Lots of ideas for the various charities that received out quilts.8 of 8 people found the following review helpful. Beginners designsBy Rochelle StaffieriThis is a clear and easy instructional book for beginners in quilting to make some great designs. I am always looking for new designs that are easy.

There isn't just one way to assemble a quilt, as this guide demonstrates. Quilters looking to understand quilt

construction, visual appeal, and design options learn that placement and block combinations are the keys to success when designing quilts. Simple traditional block patterns can become stunning when placed in certain patterns of horizontal, vertical, and diagonal rows. This manual explores all the possibilities and gives fabulous examples of how to create that visual difference. With designs easily adaptable to any style, this is a perfect book to keep on hand as inspiration when making quilts for oneself or as gifts.

About the Author Annie's is part of the third-generation Muselman family business, founded in 1925 and long known for original craft designs including crochet, knitting, card making, paper crafts, beading, sewing, quilting, and needlework. Annie's books are sold through independent retailers and major chain stores worldwide. They are headquartered in Berne, Indiana.
