Leisure Arts : Rubber Band Loom Crafts before purchasing it in order to gage whether or not it would be worth my time, and all praised Rubber Band Loom Crafts:

Okay for a cheap price.By CustomerFirst off I will say that this is a ~good~ book with clear pictures and directions....but....it is only 24 pages, a very thin book! It should be priced at around four bucks if you ask me and is a "starter" book only.You can get all of these designs on You Tube but it is nice to have something for the kids to follow without electronics. This seems to be one of the first actual books out so if you have nothing, this is a good start.After buying this for my daughter who already knew 3 of the 9 designs that are in the book before we got it, we opted for the spiral bound book with over a hundred pages, that is great. It is harder to find but overstock.com had it for twelve bucks.4 of 4 people found the following review helpful. Too badBy noraThe book arrived without the charts and instructions are not clear at all. At the end, my daughter had to look for instructions on internet and that way she was able to learn

really fast. Don't waste your money on that.0 of 0 people found the following review helpful. Five StarsBy Natacha McFarlandbought as a gift
