Steven Heller : Savage Mirror: The Art of Contemporary Caricature before purchasing it in order to gage whether or not it would be worth my time, and all praised Savage Mirror: The Art of Contemporary Caricature:

An analysis of caricature as an art form that retains its power to reflect and influence public opinion within the modern mass-media environment. Concentrating on the key artists of the 20th-century, this book also includes a history of caricature and explains why effective caricatures work.
