Great book to get inspired byBy mykidsmomI love this book - it got me inspired to pick up scrapbooking again after years of "dormancy" in my basement. The layouts are artistic and beautiful, yet not so overly complicated to take hours per page to complete - just what I needed. Highly recommend this book.0 of 0 people found the following review helpful. Five StarsBy Ron G.Just what we were looking for.4 of 4 people found the following review helpful. Essential!By MeanomFor everyone but the expert scrapper. This book is the 'missing bit' and has allowed me to develop my skills quickly. It includes small but detailed sections on all aspects

of the craft - for those using computers as well as all the great tactile components. I haven't used all the sections yet - but using it just this morning I was able to overcome several of my hurdles. Fabulous!

For anyone still a little intimidated by the scrapbooking craze, Scrapbooking Made Easy is the best place to start. Includes advice on organizing. Features: * One of the three newest editions in the Treasury of Favorites series, produced exclusively for Leisure Arts * The series' first books created a demand for more than five reprints in the first year * 288 pages of fast and friendly advice and techniques for completing simple albums, scrapbook pages, and tags * Includes popular articles from Simple Scrapbooks magazine
