10 of 11 people found the following review helpful. Don't waste your money!By A CustomerI was hoping for some nice color pictures to go along with the price guide. No such luck. There are only some poorly scanned black and white pics. This book is only underline only a price guide!17 of 18 people found the following review helpful. Don't

waste your time or money!By A CustomerA BIG disappointment! Shoddy reproductions (black white)with very poor resolution (small and out of focus reprints of the postcards.) If it wasn't such a hassle I would have returned the book.

82 Cards with Values up to \$300 Each! "The Super Rare Postcards of Harrison Fisher" was the first book by J.L. Mashburn. It tells of his early discovery in 1969 of a small number of extremely rare Finnish postcards of beautiful ladies by Harrison Fisher and his relentless search for additional ones. His 20 year search and 2 trips to Finland brought forth 82 new Harrison Fisher postcard images that have become the collecting passion of countless Fisher collectors. Of the 82 images there were many that had never been used on other postcards by other Fisher publishers. Mashburn found and accounted for 12 different series by various publishers. Each series and their publisher (if known) is listed; the backs of each publisher's card is pictured for ease of identification. Best of all, however, is the fact that each of the postcard images are shown as they appear in each series. Possible rarity ratings of each card and prices, some as high as \$300 each, are shown. This book is a must for any Harrison Fisher collector or for any dealer who sells his beautiful ladies.

The discovery and accounting of the great new group of Harrison Fisher postcards brought tremendous new interest in the famous illustrator and painter in the postcard fraternity. -- publisherThis book features and values the super-rare postcards of Harrison Fisher that were published in Finland between 1918 and 1928. These 83 cards were searched out by the author, J.L. Mashburn and several friends in Finland.
