Jurgen Franzke : Tinplate Toys from Schuco, Bing, Other Companies (Schiffer Book for Collectors) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Tinplate Toys from Schuco, Bing, Other Companies (Schiffer Book for Collectors):

The very popular, high quality tinplate toys of the mid-20th century from Nuremberg, Germany, are discussed in a historical setting in this delightful book. The chapters include 300 color photographs, information about the manufacturers (especially Schuco and Bing) and their markings, and essays on the past, present and future of this special toy industry. The mechanical figures, automobiles, trucks, trains, machines and associated buildings that are

presented will remind many of the best toys of their youth. They are avidly collected today. Many of the toys shown are from superb private collections and the Toy Museum of Nuremberg.
