Henry David Thoreau : Twelve Henry David Thoreau Bookmarks (Dover Bookmarks) before purchasing it in order to gage whether or not it would be worth my time, and all praised Twelve Henry David Thoreau Bookmarks (Dover Bookmarks):

They are sturdy card stock, with 12 different beautiful color illustrations with a glossy finish. The back of each features an excerpt from Thoreau's writings. I bought them for myself, but also I'd have something to tuck inside a letter or greeting card, but they would also make a fine addition when giving a book to a friend.I will certainly be buying more of them. Although they can be separated and given individually, a booklet would make a nice stocking stuffer for my bookworm grandson. Dover has bookmarks in many

themes and for all ages and I know he will enjoy them. Oh yes ! These bookmarks arrived today -- exactly when promised ! 0 of 0 people found the following review helpful. Nice inexpensive gift for readers By Nugget Inexpensive gift to include with a real book. Nice painting on the front and lovely sentiment on the back. 1 of 1 people found the following review helpful. Lovely Bookmarks and a nice little gift... By Deborah S These bookmarks are lovely. I gave them as a gift along with some books to a friend. I have other bookmarks from this manufacturer and my suggestion is to use a sharp pair of scissors to separate these bookmarks. Using the perforations, due to the heavy card stock, can rip the bookmarks, so take the time to cut and trim them with scissors and you will be happy with the appearance.

"Nature is full of genius, full of divinity; so that not a snowflake escapes its fashioning hand." Pithy, pleasing and sometimes profound sentiments by Thoreau are beautifully enhanced by the lovely watercolor illustrations on these bookmarks. A dozen 2" x 5¾" bookmarks on 6 plates; quotations printed on backs.
