**L.j. Charles : Two Hearts** before purchasing it in order to gage whether or not it would be worth my time, and all praised Two Hearts:

I purchased this yesterday and it is as beautiful throughout the book as it is on the cover. I have thoroughly enjoyed it. It would make a wonderful gift for a loved one.Note: It really needs to be downloaded on something that shows color. I'm not sure what it would be like on the black and white Kindles, but would definitely work on the Fire.Hope you enjoy it as much as I have. I know that it will be out in paperback very soon. I can't wait to buy one of the printed versions as a gift.1 of 1 people found the following review helpful. LovingBy Book Loving MomaBeautifully created. You can feel the love flowing through the artwork and words. Truly a refreshing and inspirational work of love.0 of 0 people found the following review helpful. A truly beautiful,heartfelt,hearfull gift!By PatriceWow! This is so incredibly REAL. It's utterly amazing and I feel honored to have read it. Thank you for this amazing gift to the world!

Two Hearts is a collection of my art, inspirational words, and yoga philosophy that I created for my husband. It's my hope that you'll want to share the words and images with someone you love.
